## THIRTY DAYS ARMISTICE POSSIBLE

Wilson May Be Asked to Withdraw Condition of Huerta's Elimination

BELIEVED HE WILL NOT AGREE TO SUCH REQUEST

Epidemics Reported Having Broken Out in City of Galveston

WASHINGTON, April 29.—There were unconfirmed reports this afternoon that the mediators have asked America, Mexico and the Mexican rebels to refrain from military and naval movements of any kind during the peace negotiations. An armistice of thirty days was proposed. It is also understood that the mediators will ask President Wilson to eliminate his demand that Huerta must go, otherwise they will refuse to continue their peace efforts. The White House refused to comment on the reports, but unofficially it is understood that no troops will be withdrawn and it is believed certain that Wilson will not abandon his stand regarding Huerta.

The mediators continued their sessions throughout the afternoon, but maintained silence as to their policy. It was unofficially learned that the situation was unchanged.

SAN DIEGO, April 29.—Fifty-seven Mexican soldiers, held as prisoners at Fort Rosecrans, escaped this morning. Eleven of them were recaptured. The men were captured when they fled across the border after a battle in Lower California, recently. There were only ninety-one guards. The prisoners dug a tunnel seventy feet from their tent in the camp to the yard of the quarantine station. Then they took advantage of a rain storm to make their break for liberty. Their flight was discovered when it was found that fifty-seven out of 600 prisoners had gone.

## HOPE ABANDONED FOR ENTOMBED MINERS

186 Still in Mine Believed Dead; Twelve Corpses Recovered; Night Vigil of Bereaved

ECCLES, W. Va., April 29.—The last hope of any of the 186 miners still entombed in the New River Collieries Company mine No. 5, remaining alive was abandoned today. Mine No. 6, which was also riven in yesterday's explosion, is open today. Sixty miners escaped from it alive yesterday. Twelve corpses have been removed.

The widows and orphans made by the disaster surrounded the shafts throughout the night, mourning their dead, while by the light of flickering lanterns a horde of blackened men worked frantically to release their imprisoned companions.

Flames and smoke are belching from the crevices of the crumbled shaft and although all hope of saving any of the buried men has been abandoned, miners from miles around risked their lives in an effort to snuff out the flames with earth and water.

The disaster, the second largest in the mining history of West Virginia, was caused by a gas explosion in the 800-foot level of mine No. 5.

The greatest mine disaster in the history of West Virginia was the Monongah explosion in 1907 when 366 lives were snuffed out. There is little doubt that the Eccles tragedy dead will number close to 200.

## BRITISH WARSHIPS SAIL TO BELFAST

Believed Sent to Be Ready for Service in Case of Ulster Uprising

BELFAST, April 29.—Eleven British war ships anchored today in Bangor Bay, at the mouth of Belfast Slough. No explanations were forthcoming from London. It is believed here that as a result of the recent refusal of army officers to go to Ireland in connection with the expected passage of the Home Rule Bill, it has been decided to have warships ready for service in the event of an uprising.

**Geo. F. Baer Buried Today**

## FUENTE AS SPY STABBED BY VASQUEZ

Wardlow's Murderer, in Jail at Mexicali, May Be Brought Here

DYING MAN SAYS VASQUEZ KILLED FOUR

Rumor that Vasquez Had Been Killed, Not Confirmed to Sheriff

Hoping to capture Pasqual Vasquez and win \$500 reward, Juan de la Fuente went to Mexicali to spy upon the fugitive. Vasquez, however, was the fugitive. Vasquez, however, was the fugitive.

According to a Calexico dispatch, Fuente's wounds are fatal. Vasquez is in jail at Mexicali, and the Mexicans in control at that place say they are willing to turn him over to the California authorities.

Sheriff Riddock is taking the necessary legal steps to get the murderer. Vasquez disappeared from Talbert the night that he and Valenzuela shot Delbert Wardlow to death. Valenzuela was arrested within an hour after the shooting. About ten days ago Sheriff Riddock learned that Vasquez had been seen at Calexico and Mexicali. At that time the chances of getting the man looked exceedingly good. Riddock, Under Sheriff Law and R. B. Wardlow, father of Delbert, made a trip by automobile to the place, but Vasquez kept himself hidden.

From the best that can be learned Juan de la Fuente went forth as a free lance, hoping to capture Vasquez and win the reward that has been offered. He is not known to Sheriff Riddock and Under Sheriff Law.

**May Be Manuel**  
At noon today Sheriff Riddock talked over the long distance phone with an officer at Calexico, and was told that de la Fuente died this morning as the result of the stab wounds inflicted by Vasquez. There was a story current here today that Vasquez had been shot down, but the story is not credited by the sheriff, who said that at noon today Vasquez was in jail at Mexicali.

At Parsons & Parsons' store at Talbert today it was stated that Juan de la Fuente is not known to Talbert, at least not by that name. Inquiry here failed to locate any Juan de la Fuente, but the description fits Manuel de la Fuente, who lived at Tustin. This man was an old man. About three years ago he served six months in jail for an injury inflicted upon Charles Quintana in a fight at Tustin.

A Calexico dispatch says: "Pasqual Vasquez, a California Mexican and a fugitive from justice, who joined Colonel Lajero's army a few days ago as a volunteer, today fatally stabbed Juan de la Fuente, an old man of Santa Ana, in Mexicali."

"Vasquez shot and killed Delbert Wardlow at Talbert, Orange county, on the night of March 19 and escaped. A reward of \$500 was offered for him dead or alive. Sheriff C. E. Riddock of Santa Ana learned that Vasquez was in Mexicali and came here a few weeks ago but failed to locate him."

"Today Fuente, who is 60 years old, recognized Vasquez on the main business street of Mexicali and the fugitive voluntarily drew a knife with a ten-inch blade and plunged it four times into the body of Fuente."

"Apparently he believed Fuente had come to run him down for the Talbert murder."

Vasquez had been known in Mexicali as Jacinto Garcia and also as Camilo Gutierrez. He enlisted as Garcia.

"Fuente has made a dying statement in which he declared Vasquez had killed four men."

"Vasquez, a young Mexican more than six feet tall, is in the Mexicali jail and the authorities say they are willing to turn him over to the California authorities for the Talbert crime, although he is in their army."

## DE GAMA AND CABINET MEMBERS ARE PESSIMISTIC AS TO PEACE

BY JOHN N. NEVIN.

WASHINGTON, April 29.—The Mexican situation has apparently resolved itself into a diplomatic puzzle. Brazilian Ambassador Da Gama and Ministers Laon and Suarez of Argentina and Chili are in almost constant conference at the Argentine legation. They privately admitted that the task of successful mediation is almost impossible, but said nevertheless that they had hopes of success. Mediators exchanged long messages with Huerta during the night. Spanish Ambassador Riano, acting for Huerta, had several interviews with Secretary Bryan, but all concerned maintained strict silence as to actual developments. President Wilson, Secretaries Bryan and Daniels are at least outwardly optimistic, but Secretaries Garrison, Lane and Burleson did not attempt to hide their discouragement. Brazilian

Minister Da Gama is apparently as pessimistic as the latter trio, although he maintained a hopeful front. Reports have been confirmed that Huerta seeks arbitration by an international body composed half of men he chooses. President Wilson, it is said, refuses absolutely to consider this on the grounds that it would be a virtual recognition of Huerta. The source of greatest worry to the administration is the attitude of Carranza and Villa. The Constitutional junta here has again stated that both are on the best terms, but this is doubted. Villa's support is considered certain, but it is believed to be almost as certain that Carranza favors giving the support of the Constitutionalists to Huerta, and it is reported even that he has been in constant communication with the dictator since the Vera Cruz incident.

## U.S. TROOPS NEARING COLORADO STRIKE ZONE—CLASH FATAL TO 4

DENVER, April 29.—Troops E and K, of the Twelfth Cavalry, passed through Denver en route to Canon City from Fort Russell, Wyoming, at daybreak. At midnight a detachment of the Fifth Cavalry left Fort Leavenworth for the strike zone.

**STRIKERS NOT TO QUIT WHILE MILITIA REMAINS**

TRINIDAD, Colo., April 29.—All fighting on the part of militiamen and mine guards ceased today in the Walsenburg district. The strikers are reported to be ready to disarm when the regulars shall arrive, but not while the militia are on the scene. The strikers today claimed control of all the mines in the district except in the strongly fortified Walsenburg group.

## "MOURNING PICKET LINE" FOR JOHN D. JR.

Upton Sinclair and Four Women Impaled Magnate's Son for Strike Action

NEW YORK, April 29.—Upton Sinclair and four women established a "mourning picket line" before the Standard Oil offices today, to protest against the refusal of John D. Rockefeller, Jr., to arbitrate in the Colorado strike differences. They were immediately arrested. Sinclair appeared at 10 o'clock wearing crepe on his arm. He was followed by Mrs. Belle Selberman, carrying a white flag bordered with black with five black stripes and a red heart center. Later Misses Elizabeth Freeman and Diana Litner, British suffragettes, and Mrs. Remington Charter joined them. The street was soon impassable, and they were

## FOUR STRIKEBREAKERS ARE SLAIN IN CLASH

TRINIDAD, Colo., April 29.—Seven strikebreakers were slain at Forbes in a clash with strikers this morning, including four Japanese. The strikers were reported as having captured the camp, burning several buildings from which the guards and strikebreakers had fled.

Later reports were to the effect that three strikers had been killed in the same battle. Another report said that eight men had been killed in a clash today between the militia and strikers in the Walsenburg district, but this was not confirmed.

The regulars are due momentarily to reach the scene of hostilities.

charged with blocking traffic. At noon other pickets appeared before the Standard Oil offices. These included Mrs. Sinclair, attired in a white suit with crepe on her arm. The police kept the sidewalks clear, but the pickets were unmolested. Rockefeller's secretary, C. C. Haight, said his employer knew nothing of the demonstration. George Sterling, the California poet, escorted Mrs. Sinclair to Standard Oil headquarters.

## HOT WINDS RUIN GRAPE CROPS ON 7,000 ACRES LAND

RIVERSIDE, April 29.—From the grape-raising sections of this county, in which there are 7000 acres of lands, comes the report that recent hot winds and drifting sands practically ruined the crop for this season. In the West Riverside and Wineville sections, where the greatest grapevine acreage exists, there will not be one fourth of a crop, according to estimates of capable men. The blowing sand of that desert locality bore off the blossoms, while the hot winds cooked the foliage on the greater part of the vines, practically ruining the wine-making industry for the approaching season.

## NEW WRINKLE ON CANAL TOLLS REPEAL

No Treaty Rights Waived Clause to Go in Repeal Law if it is to Be Passed

WASHINGTON, April 29.—A declaration to the effect that in repealing this law the United States waives none of the rights it possesses under treaty or otherwise, is to be written into the canal tolls repeal law if it passes.

As soon as the doors were closed yesterday and the committee took up the bill in executive session, Senator Simmons pulled from his pocket a carefully typewritten sheet of paper and offered it as an amendment. In its perfected form it read: "The passage of this act or anything therein contained shall not be construed as waiving, impairing or affecting any rights possessed by the United States, under treaty or otherwise."

## 11 FOREIGN WARSHIPS FOR PANAMA CANAL PARADE

SAN FRANCISCO, April 29.—Eleven foreign nations have agreed to send one or more warships to the Pacific Panama Exposition, according to word received from the Navy Department by the exposition officials today. It is estimated that the total number of ships of war at the exposition water pageant will reach 100. Definite promises of ships have been given the government by Austria, Russia, Germany, Japan, France, Italy, Greece, Spain, England, Argentina and Portugal.

## FOUR DEAD FROM PORTLAND FIRE

Many Narrow Escapes; Feared Other Dead Are in Debris; Loss Reached \$15,000

PORTLAND, Ore., April 29.—Four bodies that were fearfully burned were removed today from the ruins of several frame buildings burned during the night. It is believed the debris contains other dead bodies. The fire originated in a warehouse and quickly spread to the frame buildings, where twenty-five people were sleeping. There were many narrow escapes. The financial loss will reach about \$15,000.

## VERA CRUZ IS NOW RULED CIVILLY

Americans Take Office; Chicago Man is Governor of the Mexican Port

FIFTH BRIGADE LANDING DELAY IS UNEXPLAINED

300 Americans Still in Mexico City—Huerta Strengthens Position There

VERA CRUZ, April 29.—The new civil government of Vera Cruz got down to business today. Robert J. Kerr of Chicago and a Mexico City lawyer serving as governor; Commander Stickney is inspector of the port and collector of customs; Wm. Buckle, a lawyer, is administrator of justice, and Charles H. Stewart is treasurer.

The authorities have not explained the delay of the landing of the Fifth Brigade from the U. S. transports. It was said the soldiers would probably not go ashore today. Meanwhile the marines and bluejackets occupy the city. Admirals Badger and Fletcher and General Funston held another conference ashore today.

News from Mexico City says that 300 Americans are still there. These are free to leave, but evidently consider that there is no danger. Continuous rumors prevail to the effect that Huerta is strengthening his position and is in negotiation with Zapata for the delivery to his command of all the Zapatista rebels.

## MEXICAN WIRELESS STATION, VERA CRUZ TAKEN OVER

VERA CRUZ, April 29.—The Mexican wireless station here, the largest along the coast, but having only medium power, was taken over by the navy wireless officers yesterday. Lieutenant Charles H. Maddox of the battleship Utah was placed in charge. This station will form an important link in the ship and shore chain of wireless stations in case the United States forces should make further advances in Mexico.

EAGLE PASS, Texas, April 29.—The vanguard of the rebel forces late yesterday occupied Piedras Negras, General Guajardo, the federal commander, whose forces were defeated at Allende and who was wounded in the battle, died Monday night near the Rio Grande, as he was being brought to the American side.

Wreckage on Lake After Fierce Gale—Hugh Hogan Stranded Off Florence, Oregon

DULUTH, Minn., April 29.—Wreckage floating on Lake Superior today indicated the loss of the Capital Transportation Company's steamer, "Benjamin Noble," which was wrecked on the night of the 24th. Five other steamers are overdue here following a fierce gale blowing last night.

## WIVES STAY BY HUSBANDS ON THREATENED STEAMER

MARSHFIELD, Oregon, April 29.—Although waves are dashing high over her and her position is said by life savers to be perilous, nine persons aboard the steamer "Hugh Hogan," stranded on the south spit off Florence, Ore., refused today to abandon the vessel. The wives of Captain Hill and the first mate of the vessel are aboard the ship and refused to leave their husbands. The live savers pleaded with them in vain, and finally returned to their life-saving station. An attempt will be made to pull the Hugh Hogan off the spit at high tide.

The Secret of Success lies in the one word **"EXCEL"**

This fact particularly applies to the growing of Oranges, Lemons and Grapefruit, not only in California but in all the citrus districts of the world.

Time was when the European countries along the Mediterranean produced all of the commercial citrus fruits but when the Florida groves were planted, the fruit excelled the European products so much that they stood first in the American markets. Later California went into the citrus fruit growing business and today her delicious navel and uncomparable Valencia orange stand first whenever they are offered to the trade.

In California we have a number of citrus fruit growing districts among which are a few that are particularly noted for the quantity and quality of the fruit they produce.

Even in the best districts the groves vary in production and value according to their location and care.

If you are going to invest in an unplanted piece of citrus land or a young planted orange, lemon or grape fruit grove, you cannot afford to buy anything short of the best.

We shall be pleased to have prospective investors investigate our claims for our North Whittier Heights subdivision before buying elsewhere. We are confident that if you once see the property you will desire a portion for yourself.

## GOV. JOHNSON IS RECEIVING OVATIONS

Demonstrations of Support Are Numerous on His Speaking Tours

**GREAT CROWDS ATTEND WHEREVER HE SPEAKS**

Common People Love to Hear the Governor Who Stands for Their Cause

SAN FRANCISCO, April 29.—Gov. Johnson continues to draw great crowds wherever he goes in his speaking tours, and demonstrations of support are made in striking degree. The poison press tried desperately to give a discouraging aspect to the governor's recent campaign in the Sacramento valley, but the local newspapers, regardless of politics, have given testimony to the fact that the tour was a series of ovations.

The Marysville Democrat, opposed politically, introduced its report of the meeting in that city with the following statement: "Whether political friends or enemies of Governor Hiram Johnson, it must be conceded by everyone who attended the rally at the Marysville theater Thursday night under the auspices of the Johnson-Eshleman Club of Yuba and Sutter counties that the state administration for the past three years has met with much warm approval by the voters of this community."

Another newspaper critic, the editor of the Lincoln News-Messenger, in Auburn county, made report as follows: "Governor Johnson arrived in Lincoln this morning amid the salutes of automobile horns, cheering of citizens and band music by the high school boys."

The governor is a forceful, convincing and interesting orator, who knows his subject thoroughly and is able to express his thoughts in plain and simple language in an understandable manner. His talk was logical and very well received, with frequent interruptions of applause.

The Cottonwood Enterprise, Shasta county, expressed sentiments of that community in the following terms:

"A crowd that filled the Baptist Church with women and children and others listened attentively to the speeches delivered by Governor Johnson and Commissioner Eshleman here Wednesday. The governor is a forceful speaker and clinches his sentences with much emphasis. He is looking fine and says he feels badly, and likes to be out among the common people. And the common people do love to see the governor and take him by the hand, as he is considered the apotheosis of their exaltation."

The Grass Valley Union also refused to abide by the Otis-De Young program of belittling Johnson's meetings. It frankly stated that "standing room was at a premium" at the meeting in that city.

The Roseville Register, Democratic, stated that Governor Johnson "addressed a large crowd from the band stand in the public square." In the course of its report the Register said that "the governor is a pleasant speaker, holds his audience well and made a very interesting address."

The Auburn Herald, Democratic, set forth that the governor "addressed a large audience."

The Courier-Free Press of Redding, which is closely allied with the Otis-De Young committee in San Francisco, greeted the governor with a nasty personal attack, asserting, among other things, in effect, that he helped himself to public funds, etc. It attempted to discredit Johnson's meeting in every fashion known only to the poison press. The Searchlight of the same city, Republican, had the following introduction to its account of the meeting:

"No building in Shasta county, and nothing short of the expansiveness of outdoors, would have sufficed to hold the throng that would have liked to hear Governor Johnson and President of the Railway Commission Eshleman address the public on the issues of the state campaign Wednesday evening. The mammoth band pavilion was dwarfed on this occasion, hundreds giving up hope of hearing the addresses when they learned that not even standing room could be had. As it was men and women struggled for a hearing place, sitting on joists or packed on the rostrum with those who were asked to serve as vice-presidents of the meeting. If there is any doubt as to the status of these candidates, and of the Progressive party in Shasta county, they were summarily dispelled by the unusual gathering."

The appearance of the candidates for governor and lieutenant-governor was the signal for a burst of applause."

Further testimony from an opposing press is that of the Chico Record which reported that the governor "dressed more than 1500 persons in that city, 'that when he took the platform he was met with a long round of applause,' and that 'his address was interrupted frequently by applause and cheers.'"

At Red Bluff the News, also testifying as an opposing witness, gave the following account: "Governor Johnson was greeted with a magnificent hearing at the Opera House last night, every seat in the building being occupied. No man with a record of achievement or to whom could have desired a more representative or a more open-minded audience."

The following was a local correspondent's report of the midday meeting at Anderson, Shasta county:

"The appearance here this afternoon of Governor Johnson and President of the Railway Commission Eshleman was a gala event. The town was as full of people and as much excitement prevailed as if a circus were on hand. All for the serious purpose of hearing two sterling addresses on popular government by two of the leaders. The new Anderson theater was all too small to accommodate the hundreds who sought admission and the sidewalk held the overflow. The school children turned out en masse. They cheered both the governor and his running mate."

The foregoing examples of reports made by the papers in the country traversed by the governor demonstrate thoroughly how the news columns of the San Francisco Chronicle, the Los Angeles Times, the San Diego Union and others of the "get Johnson" press reek with misrepresentation when they seek to belittle his candidacy by statements that he is meeting with frigid receptions.

RIO DE JANEIRO, Brazil, April 29.—Colonel Theodore Roosevelt, during his journey through the unexplored regions of Brazil, discovered a tribe of savages hitherto unknown. The tribesmen, who were named Paubates, were unclothed.

SAN FRANCISCO, April 28.—Secret Service men were on the trail here today of a band of counterfeiters who have flooded San Francisco with counterfeit \$10 bills. Chief Special Agent Harry Moffit of the Secret Service said the bill can be detected owing to a washed-out appearance. "It looks as though it had gone through a laundry," he said.

## AT THE COURTHOUSE FLAYS FACTORY FOR URGING LEASE

Henry Yockey Holds Sugar  
Company Liable for J. W.  
Corbin's Rent

Today when Henry E. Yockey of Garden Grove brought suit against John W. Corbin for \$600 rent, he named the Anaheim Sugar Co. as a defendant. In fact, the suit is directed mainly against the sugar factory.

Yockey alleges in his complaint, filed by Attorneys Williams & Rutan and E. A. Tucker, that C. S. Holt, field manager of the Anaheim factory, introduced him to John W. Corbin, and advised Yockey to lease seventy-three acres of land to Corbin. It is stated that Holt represented that Corbin was an expert beet grower, honest and responsible financially. It was agreed that for forty acres \$15 an acre should be paid, and one-fourth the crop on whatever of the remaining acreage was put in. Fifty acres was planted.

Under the lease Corbin agreed to give an order on the factory for the cash rent. That order was secured, and was presented to the factory. Yockey got a letter from L. H. Multer of the factory stating that the order had been filed and would be attended to. Yockey wanted to go East, and was told that his money would be held for him.

Yockey declares he was never paid, and that he has since learned that when Holt brought Corbin to Yockey, Corbin was heavily in debt to the sugar factory and that the factory knew he was not financially responsible. Judgment for \$600 is asked against the factory as well as against Corbin.

## BOW VIEW OF THE NEW GIANTESS OF THE SEAS; THE CUNARD LINER AQUITANIA

The new Cunard liner Aquitania will be one of the largest vessels afloat and one of the fastest. There may be three others as large, or a little larger, the Imperator, now running between Europe and the

United States; the Britannic, now being built, and the Vaterland, to be finished this year.

The Aquitania is 901 feet long, with a beam of 97 feet and a depth of 64 feet. When fully equipped the ship will displace about 55,000 tons

of water. Her normal sea speed will be twenty-three knots. She was designed to accommodate 4,210 persons, including 876 first-class passengers, 594 second-class, and 1,700 third-class, and a crew of nearly 1,000.

## HOY IS APPOINTED DIVISION ENGINEER

One Change Made Following  
Change in Highway  
Administration

Commission's Plan May Work  
Out to Reducing the Number  
of Employees

With S. H. Finley in charge of the engineering department of the county highway work, one change has been made that may result in a saving in that department. The office of division engineer was created, and a new method of handling the resident engineering work will be taken up and tried out.

Hoy has been resident engineer on the Santa Ana canyon road. Hitherto it has been the policy to have an inspector and a resident engineer upon each contract. Over all of these were the chief engineer and assistant chief engineer. Under the new plan Hoy is to be put in charge of the four contracts east of the Santa Ana river. This is done on the theory that a good live engineer can do all of this work just as well as four engineers. If the theory works out,

there will be a considerable saving in salaries of engineers, as the number of engineers employed can be reduced. The County Highway Commission and Chief Engineer Finley are convinced that the plan is well worth trying. If it proves successful, as they believe it will, the contracts west of the Santa Ana river will be constituted another division, and one engineer put in charge of all of them. This does not mean the reduction of the number of inspectors. In some instances it may be found just as well to combine engineer and inspector.

Hoy, the new division engineer, has done a good deal of the field work for the commission. He has had a good deal of engineering experience in the East and in India.

## QUIT MEAT IF YOUR KIDNEYS ACT BADLY

Take Tablespoonful of Salts if  
Back Hurts or Bladder  
Bothers

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach, rheumatism in the back, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.—Advertisement.

### WORKMEN'S COMPENSATION

The chairman of the commission which administers the Wisconsin workmen's compensation law draws a striking contrast between its working and that of the system which prevailed before the law was passed. In 1910, he says, it cost \$450,000 to carry \$150,000 to the injured workmen; in 1914 (the estimate being based on the showing for January) the injured workmen will receive \$900,000 and the administration will cost less than \$12,000.

These figures are startling; but, whether strictly accurate or not, they reflect the general nature of the beneficial change wrought by workmen's compensation laws.

It is this manifest avoidance of the lamentable waste involved in the litigation system which did as much, perhaps, as any one thing to recommend the idea of the automatic compensation plan to the general approval of public opinion in this country. Even in this aspect, the waste was but one part of the matter, for besides the deplorable waste there was the cruel uncertainty.

When we add to this the other two great factors in the case—the hardship of having the workman bear the brunt of accidents which are part of the normal risks of the trade, and the incentive which a proper compensation law supplies to the prevention of accidents—there is no difficulty in understanding the rapid headway made by this kind of legislation in state after state.

California has recently instituted a workmen's compensation law, placing this state upon an equal footing in that regard with a great number of the states of the Union. California's step was a step forward.

### INDECENCY AND "ART"

Mayor Harrison suppressed five short plays which made up a bill at the Princess theater in Chicago, and the men who have charge of the box office declare he has struck a blow at art. The masterpieces in which the mayor and his censors refused to distinguish between indecency and "art" are called "Hari Kari," "En Deshabille," "Any Night," "The Black Mask" and "The Bride," the suggestiveness of the titles being exceeded only by that of the dialogue and the action. One tells of an illegitimate love between an American girl and a Japanese; another of a divorcee who gets into the wrong room and finds it occupied by a former husband; another receives three former suitors, whom she hides in various places, and upon her husband's unexpected return gives them over to the police as burglars, and so on. Such stuff is "art" only in the minds of the vocabularies of prurient persons who desire to save their consciences and their self respect, and managers who like to have some excuse for getting rich off nastiness. Chicago is hardly the place to which the world first would look for a wave of moral reform, but Mayor Harrison nevertheless is entitled to some credit for having brought theater men to understand that there is a limit beyond which they may not go in the staging of indecency. Experience has shown that the producing managers themselves will place no limit. Just as in the case of the so-called sex novel, the excuse is offered that people demand plays of this sort and are willing to pay for them. Ergo, people must have them. Dealers in opium and other debasing drugs might make the same claim. Similar defense of his trade might be offered by the white slave merchant. The argument is a miserable one in every way. Nastiness on the stage has no excuse to offer for existence, and the more cities that follow the example of Chicago the better.—St. Louis City Journal.

### CLEAN UP—BEAUTIFY!

Make your plans today for cleaning up your premises.  
Begin with the attic and go through to the basement, and then take the back and front yards, removing all paper, ashes, wood, garbage, excelsior, old bottles, tin cans, old rags, and rubbish of all kinds.  
Be ready with all filth and trash when the city wagons come around this week or next week to haul it away.  
Not only "chase the dirt," but call in a painter and arrange to brighten up.  
See that manure while in stable is placed in screened bin or pit. Keep all garbage cans covered, with a fly trap on the cover.  
Carry out the civic bodies' plan of

beautifying your parking before 1915. Plant red geraniums.

Plant your back yards as well as your front yards with flowers and grasses and keep the weeds cut down.

Help to make Santa Ana the city beautiful.

Strauss, a lawyer. Mrs. Von Claussen first gained notoriety several years ago by threatening to sue Theodore Roosevelt for damages, because, as she averred, he thwarted her plans to be presented to the king of Sweden.

Editor Register:—I note by your paper that many motorists are parting with their good money because they are not letting their tail lights so shine that the new motor cops can see them, and that Justice Cox cannot see why one should be fined and not all.

If you will grant me the space in your columns I will, with all due respect to Justice Cox, point out what to me seems to be the "why." The tail-light is the one thing that an operator cannot know the condition of from his seat, and an oil light is very prone to jolt out, and even an electric one would not be immune from breakage, were the machine to be driven across a Pacific Electric car track in this city. I am sure that all the majority of drivers need is to be told that their light is not burning, and if by a repetition of the offense this is disproven in any particular case, then is when a fine is justifiable.

I have not contributed to the tail-light fund, so do not say this is from a "sore-head;" I simply think the motor cop should act in the capacity of a patrol for the safety and convenience of all, including motorists, who use the thoroughfares, and not as is now apparently the case, as "internal revenue collectors."

Yours respectfully,

CLYDE D. BUTLER.

Kept Her Locks Dark, Thick, Glossy, With Sage Tea and Sulphur

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Hair Remedy." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger.—Advertisement.

## "The Drug Traffic"

at the

LYRIC THEATRE

Thursday, April 30

A more pathetic, tragic situation or climax would be hard to conceive than is had at the close of this two part vivid melodrama, depicting the awful and inevitable end of the poor victim of the drug—morphine. The traffic as it is carried on in the large cities, the methods of disposing of the drug to victims, the way in which the drug takes hold of its victims are all graphically shown in this sensational drama. It is a picture every man, woman and child, whether they are interested directly in suppressing the drug traffic or not should see. There is a big lesson back of it that will cause an awakening and some serious thinking.

## WHITE RIBBONERS MEET

Donate \$25 for Spanish Reading Room—Urge Aid for Ebell Day Nursery

The W.C.T.U. met yesterday afternoon at the home of Mrs. C. W. Fox, 713 Spurgeon street. The subject of "Christian Citizenship" was the topic for the afternoon. The devotional service was led by Mrs. M. M. Tidball. Mrs. Dr. Raugh, superintendent of Christian Citizenship, spoke on the subject, and Mrs. J. G. Quick read an article on the subject. Some good reports of the convention held last week were given by the delegates present.

The union voted to make a donation of \$25 to the reading room fund for the Santa Ana Spanish speaking people. This room is to be built near the Spanish church, that the men may have a place to read and rest.

It was decided to send for 1000 "Dry Campaign" pins, to be used in the campaign work, also "Dry Campaign" caps and pennants to be furnished to young campaigners' bands that may be formed from the Sunday schools.

The ladies of the W.C.T.U. are called upon to make donations of clothing, and especially children's clothing, to the Spanish department at Central school. This is urgent, and those having any usable cast-off clothing are asked to leave it at Central school, or call up the teachers there, and it will be called for. The Day Nursery is not to be forgotten. All kinds of clothing is needed there. The ladies are asked to please bear this in mind, as the matter is very urgent.

The Orange county "Rally Cry" was given and all the members are requested to preserve this copy of the "cry" and commit it, that it may be given with much enthusiasm at any time. Those who were not in attendance yesterday are also asked to bear this in mind. The rally cry is to be used at the State W.C.T.U. convention. It follows:

Who are we? Can't you see?  
Orange County, by the sea,  
California's going dry.  
Who will help? You and I!  
All members of the union who desire to help in the dry campaign are asked to earn a dollar or give a donation of a dollar to the dry campaign fund by the meeting of May 26. Mrs. C. D. Shields will receive these dollars, and it is hoped the members will respond heartily to this.

The next meeting will be held at Mrs. W. B. Tedford's, Friday evening, May 15, instead of on Tuesday evening.

### Special Service

## ELKS ENTERTAIN

Jolly Whist Party Last Night at Home of the Local Antlered Herd

Elks Hall was a scene of gaiety and pleasure last night, when more than 125 people, Elks and their ladies, gathered in response to the invitation of the social committee to enjoy an evening of whist. The room was simply but prettily decorated, and with the handsome gowns of the ladies and faces aglow with the pleasure of the exciting games, the picture presented was a pretty one.

Thirty-two tables of players testified their luck and skill at the progressive game, changing tables after each hand of whist, thus adding to the pleasure and excitement of the occasion. When the scores were counted at the close of the games, three ladies, Mrs. H. H. Dale, Mrs. H. D. Connell and Mrs. Howard Turner, were found to be tied for high score. On a cut Mrs. Dale won the prize, a dozen lemonade glasses. The second prize, a handsome jardiniere, went to Mrs. B. E. Turner, while a pretty waist vase consoling Mrs. J. L. Clark. First prize for the men, a memorandum book and silver pencil, was captured by H. D. Connell. John Tubbs won a leather card case for second best score and a deck of cards was the consolation trophy given to J. D. Thomas. Visitors' prizes were given to Mrs. Brodine of Los Angeles and J. A. Bailey of Santa Ana. Mrs. Brodine winning a silver deposit vase, and a thermos bottle going to Mr. Bailey.

The seven charming young women who punched the score cards were Misses Dolly Hart, Henrietta Young, Greba Scott, Louise Grubb, Helen Carden, Lina Yarnell and Isabelle Price.

After the eleven o'clock toast by Exalted Ruler J. C. Burke, the guests repaired to the banquet room downstairs, where delicious light refreshments were served by a dozen white-coated and white-aproned Elks, who distinguished themselves for their skill as waiters.

Guests at last night's affair from Los Angeles were Messrs. and Mesdames Brodine, Morgan and Rose.

### Her Seventieth Birthday

Mrs. Ray Dresser, assisted by her sister, Mrs. A. P. Dresser, entertained yesterday at her home, 815 E. 1st street, a birthday party for her mother, Mrs. M. J. Jones, who reached her seventieth birthday yesterday. White and pink roses and lilies adorned the house, and several close friends of Mrs. Jones were invited to spend the day with her. Some of those invited were unable to be present on account of sickness. Those who enjoyed the event with Mrs. Jones were Mrs. Maria Hill, Mrs. Mary Smith and Mrs. A. R. Dresser. Needlework and conversation passed the day, with a sumptuous chicken dinner, with all the "trimmings," being a pleasant interlude at midday.

The ladies of the Women's Missionary Society of the Methodist church, South, remembered Mrs. Jones with a post card shower, an attention that was much appreciated by the sprightly lady who has reached so good an old age.

### Johnston-Nininger

Two well-known and popular young people, Miss Nettie Nininger and J. Clifford Johnston, were quietly married this morning at 10:30 o'clock at the home of the officiating minister, Rev. Paul E. Wright. They were unattended and after the ceremony that made them one, Mr. and Mrs. Johnston went to the coast home, all furnished ready for their occupancy, at 819 South Sycamore street.

The young couple have a host of friends who will join in wishing them all good things in life. The bride was for two years in the district attorney's office, where she made friends of all with whom she came in contact. She is the daughter of Mr. and Mrs. C. E. Nininger of 529 South Sycamore.

Mr. Johnston is more than locally known among the musicians of Southern California, having been identified with several singing organizations, where he was sought on account of his unusually excellent bass voice. He is a favorite singer in local circles and is a young man of promise.

Child." Those who have heard Mr. Scott on previous occasions anticipate with pleasure his coming to Santa Ana. It is hoped a large audience will be present to hear this speaker of unusual ability on a subject of universal interest. Mr. Scott is well known as a writer and teacher on the deeper spiritual meanings of human life.

Frances Willard, the beloved leader of women for so many years, had only words of praise for his book "Kindly Light." She said: "I am glad you live and write for your brothers and sisters."

There will be a meeting of the executive board preceding the lecture. A cordial invitation is extended to all interested in the great subject of child study.

### Bible Class Social

The members of the Junior Bible Class of the First Congregational church, an organization that is socially inclined, had one of its excellent times last evening at the residence of Mr. and Mrs. Frederick H. Eley, 815 Garnsey street. The lovely Eley home was particularly inviting last night, and the hours sped swiftly. The leading amusement of the evening was a contest in which the company was required to guess the name of musical selections of which a bar or two each was played by Miss Gibbs. Partners for the contest were chosen by means of zigzag cards, the ladies being the "Zags" and the gentlemen the "Zigs." The winning couple, Mrs. D. Keller and Carl Marr, guessing the largest number out of twenty selections, was awarded a dollar box of candy. A. J. Perkins was the cleverest guesser in a "penny party," guessing twenty-one out of the twenty-three articles represented on an ordinary penny.

Alan A. Revell most acceptably gave half a dozen tender solos, and Miss Gibbs charmingly sang a number of solos of which the most pleasing were "The Rosary" and "Love Me Little, Love Me Long." Mr. E. S. Shaw pleased with several humorous stories and readings followed by witty remarks from Rev. Mr. Staff and C. S. Crookshank. Refreshments of fruitade and fruit were served during the evening. There were about forty people present to enjoy the delightful evening, and Miss Faith Shaw was the guest of honor.

### Evening of Music

Mrs. Mary S. Emerson celebrated a birthday anniversary yesterday evening by having a few friends join her in her Rivering avenue home. Music was an important part of the evening. Miss Blanche Hill and Miss Glennie Hill playing charmingly on piano and violin respectively. Hilard Terrill also gave pleasing numbers on the violin.

Light refreshments were served at the close of the pleasant evening. The house was fragrant with pink roses with which ferns were used. Those present besides the hostess and her son, Charles Nevins, and the young musicians, were Mrs. William Hill, Mrs. Will Terrill, Mrs. Mary Jackson of Orange, and Will Sexton.

Visited Spanish School  
Mr. and Mrs. C. W. Burns, Mr. and Mrs. A. J. Visek, Mrs. D. M. Burns, Mrs. P. A. Robinson, Mrs. J. D. Head, Miss Mickleson, John Mickleson, C. M. Holderman and Rev. A. C. Gonzales motored to Gardena yesterday to visit the Spanish-American School for Boys maintained there by the Southern California M. E. Conference.

It was an all-day, semi-annual association meeting attended by prominent Methodists from over Southern California. Speeches were made and songs were splendidly rendered.

### AMUSEMENTS

At the Lyric Theater  
Eugene Manlove Rhodes' novel, which appeared in the Saturday Evening Post, entitled "Sealed Orders," is appearing at the Lyric Theater today in a two-part drama, with that popular screen artist, Mr. J. Warren Kerrigan, taking the leading part.

Of all the screen stars none could have been chosen to portray the leading character with the same degree of firmness, with as much vividness as Mr. Kerrigan. It is a role that fits him in every particular. It has the atmosphere of the slums painted with precision. It has the rich, red blood of romance and you will be well pleased that you saw "Sealed Orders" with Mr. Kerrigan.

Two other high-class reels, one of which is "The Gamblers," a western drama, featuring Alex Gaden, and one of those joker comedies, entitled "A Narrow Escape," featuring that prince of fun-makers, Max Asher, goes to make up an exceptionally fine program at the Lyric.

## TIMELY ACTION PREVENTS A SERIOUS BLAZE

What would undoubtedly have resulted in a serious fire was prevented last night by the timely action of Jack Holt, who broke into a window at the A. E. Bird residence, 1055 West Fourth street, and extinguished a blaze caused by an electric iron which had been left burning by the occupants of the house. Holt was passing the place at about 8 o'clock when his attention was arrested by a glare in one of the windows. He broke in the window and promptly extinguished the smoldering articles on the top of a dresser.

## YOUNG WOMAN WHO ESCAPED FROM HER NURSE FOUND HERE

Miss Laura Hall, a refined, good-looking young woman, was brought to the county jail today by Sheriff Rud-dock and Under Sheriff Law as a suspected insane person. It developed that she was a young woman who escaped from a doctor and nurse in Los Angeles Monday. She says that she came to Santa Ana. This morning early she appeared at Leo Borchard's house, south of Talbert, and talked in such a strange manner that it was immediately suspected that she was of unsound mind. From what could be learned from her, she spent the night in an old vacant house not far from Borchard's place.

Concerning the girl, the Los Angeles Times yesterday said:

"Police are searching for Miss Laura Hall, daughter of Timothy Hall, a well-to-do resident of San Diego, who escaped from a sanatorium in Lamanda Park yesterday. She was escorted by her doctor and nurse to Los Angeles and there eluded them. She is suffering from a mental breakdown. It is charged, and has an uncontrollable desire to travel, at times."

On arriving at the jail, the young woman was questioned by the matron, Mrs. Boynton, and it was not long until a message was sent to Los Angeles, with the result that friends were sent here after Miss Hall.

## Los Angeles Produce Market

There was nothing real startling that transpired on the market yesterday morning, prices prevailing at about the same figure as the day previous practically all through the list. The egg market went back to 22 cents after having been down for a day to 21½ and there seemed to be possibilities of even a higher market on reports of quotations having advanced to 23 cents in San Francisco. The local market has stuck at 22 cents for several weeks and dealers are beginning to get so accustomed to that price that they try and make it permanent according to the laudable commitment of one of the egg traders. Receipts of eggs from local producers amounted to 458 cases, while the same number approximately arrived from the north. Butter receipts were 53,980 pounds. What has been said of eggs might well be said of butter as far as the permanency of the quotation goes. Cheese is moving regularly and unchanged in price of the past few days. In the north fresh cream continues to sell at 13 cents. Receipts were 4475 pounds, almost all of it from this state. New potatoes are coming down and yesterday sold as low as 90 cents a lug box with \$1.10 the very highest quotation obtainable. There was a fair demand for Oregon and any Highlands of good quality on the market were quickly taken up.

(BOARD OF FORESTRY)

## NATIVE TREES FAVORED FOR COUNTY PARK

Decided Opinion Upon Picnic  
Grounds Improvement  
Expressed

By the expressions of the members of the new county board of forestry at its meeting yesterday, it may be judged that the new board has very decided notions concerning the kind of trees and plants that should be planted at the Orange County Park. The board is not at all in favor of planting acacias, camphor trees or other imported ornamental trees. What it favors is native forest trees and plants, such as oaks and sycamores.

Of the five members, A. S. Bradford, R. E. Larter, T. E. Stephenson, A. E. Bennett and Willard Smith, all were of the same mind upon the subject. War was openly declared on the driveway trees now growing at the park. In the discussion it was proposed to sow California poppies on the slopes and bare spots, so that anybody and everybody can go to the park and get all the wild flowers they want without seeing a single sign, "Don't Pick the Flowers."

All of the discussion before the board yesterday was informal, many matters coming up for an expression of opinion merely. The new board may get acquainted with its work. The selection of a forester was postponed until the board gets a better idea of what it wants a forester to do. It does not want to appoint one until it can outline plenty of work to keep him busy.

Probably some day next week the members of the board will visit the Los Angeles board of forestry, and will view some of the planting that has been done in that county. A. S. Bradford was appointed as a committee to make arrangements for the meeting.

note and his lectures each evening have drawn large and enthusiastic crowds to the church.

The American Woman's League held a most enjoyable meeting at the home of Mrs. W. S. Dearing on South Glassell street yesterday afternoon. The house was decorated with red and white roses.

A splendid report of the meeting of the Federation of Clubs, which was recently held at Placentia, was given by Mrs. Dearing. Other business occupied the afternoon until about 4 o'clock, when those present were delightfully entertained by several piano selections by Miss Celestia Dierker. Delicious refreshments of sandwiches, cake and coffee were then served by the hostess and a very pleasant afternoon was brought to a close.

At the last regular meeting of Ruby Rebekah Lodge an invitation was accepted by the members to attend the meeting of Aloha Lodge at Westminster last night. Nearly forty members were on hand at the hour decided upon to start, and the evening was full of pleasure. The Ruby degree staff put on the initiatory work and were highly complimented. The banquet that was served at the close of the meeting was a feature of the evening, as all members who have ever attended a banquet at Aloha Lodge can testify. Those present from here were: Mrs. A. ## PALMS ANNEXATION TO LOS ANGELES FAILS

LOS ANGELES, April 29.—Although a majority of 123 was polled by advocates of annexation, the district comprising Palms, Culver City and contiguous territory, in all about eleven square miles, south of Wilshire boulevard, will not be annexed to Los Angeles. The necessary two-thirds in favor of the project was lacking when the ballots were counted last night at the close of an exciting election.

IN THE JUSTICE COURT

## DEALER FINED \$1 BY COURT

Reminder that Grocers Must  
Talk Turkey to Whole-  
salers

That retail grocers will have to talk turkey to their wholesalers, else get into trouble for selling short weight articles was demonstrated today when S. E. McPherson of Orange came into court and pleaded guilty to a charge brought against him by County Sealer George McPhee. McPhee accused McPherson of selling cornmeal that was from four to six ounces short of the ten pounds mark on the sacks. McPherson pleaded guilty, and told Justice Cox how it happened.

McPherson said that he bought the goods from Newmark's of Los Angeles, and neither added to nor took from the contents of the sacks. Nevertheless, under the law McPherson was guilty. On the suggestion of the county sealer of weights and measures, Justice Cox made the fine \$1, which fine was paid.

There ensued a discussion of the weights and measures act, and all of those present declared that it is up to the dealer to weigh his goods upon receipt and ship back to the wholesaler everything that is not up to weight.

One Fine Today  
Today Justice Cox collected only one fine of \$5, and that was from M. R. Champang of Orange. The man was charged with operating a motor vehicle without having the rear light of the machine lighted.

## KENNYMORE WINS ENGLISH CLASSIC

King George Present at Fa-  
mous "Two Thousand Guineas"  
Track Event

NEWMARKET, Eng., April 29.—The Two Thousand Guineas, first of the season's big classic three-year-old races, run today over the usual mile course here, was won by Kennymore, owned by Sir J. Taurisby; Coreyra, second; Black Jester, third. The race, being its name, was worth \$25,000 to the winner, and as might be expected with regard to an event which is considered a dress-rehearsal of the all-important Derby (run at Epsom a month from now) interest centered on the way in which the cracks had wintered.

King George was present to see his colt, Sunny Lake, endeavor to follow in Minner's footsteps and place the race to the credit of a monarch, and the royal colt was much liked on account of his stylish display at the Newbury recently. Unfortunately, Sunny Lake is not entered in the Derby. King George had not won a classic race up to today. Americans pinned their hopes to Durbar, Franco-American bred son of Rabelais-Armelia, belonging to H. B. Duryea. Duryea made no secret of his belief that Durbar would repeat the victory of his good colt Sweeper II, a couple

of years ago. Betting, however, has taken but a narrow range owing to the uncertainty as to the well-being, or otherwise, of Capt. Dermot McCallmont's phenomenal grey. The Tetrarch, who simply smothered all opposition as a two-year-old. This oddly marked son of Roi Herode, has been suffering from leg trouble, and right up to the last moment there was uncertainty as to whether he would run.

## PASADENA SEEKING BETTER P. E. SERVICE; COMMITTEE TO ACT

PASADENA, April 29.—Resolutions stating that the Pacific Electric Company should give Pasadena much better transportation service between Los Angeles and the Crown City, than was now in effect, were unanimously adopted by the Central Improvement Association yesterday. Following the adoption of the resolutions, a committee was named to investigate conditions regarding the transportation problem and to suggest remedies.

## WANTS TO KNOW WHY THE DOUBLE TRACK DROPPED

Garden Grove News: The Pacific Electric stopped laying the double track between Buaro and Stanton upon reaching Garden Grove after it was reported that they would complete the line. The reason was not given, but it is entirely possible that the difficulty in getting the line into Orange caused the temporary abandonment of the work. Until now it has not been possible to get permission to cross the Santa Fe railway track where the line approaches the southern city limits of Orange. After months of delay it now seems that the difficulty is out of the way. It would seem also that when the cars run into Orange it will be quite desirable that they have the double track all the way from Santa Ana to Los Angeles. This would mean the completion of the line across the gap from Garden Grove to Stanton.

While the rails were laid from Buaro to Garden Grove no use has been made of the track, since it lays upon loose ties and has never been put in shape for traffic. There has been a controversy between the city trustees of Santa Ana and the railway company over the franchise to lay tracks around the corner from West Fourth to North Main streets in Santa Ana. The city recently granted a franchise for this purpose in connection with the proposed extension on East Fourth street toward Austin. But the company promptly turned it down as not meeting its wishes. Now the Santa Ana trustees are firmly holding that the company have no further concessions whatever until the double track from Buaro to Stanton is in operation. The city claims that this had been promised for a long time and that the work has not been as it was understood that it would be.

It will be possible to get cars into Orange without the proposed franchise to lay tracks around the corner from Fourth to Main streets in Santa Ana. There is now ample facility for getting the cars onto Main street over the curve which turns from Main to Fourth on the east side of the street. But to use this curve it will be necessary to reverse the cars by running down Fourth and backing onto the Main street track and so running "back end foremost" into Orange. In this way every car each way will have to turn around in order to make this curve. This makes no difference with operating the car but it is inconvenient for passengers to be compelled to either ride backwards or turn their seats over.

It seems to be evident that the opening of the line into Orange will have its bearing upon the completion of the double track or maybe you could turn it around and say that the completion of the double track has its bearing on the opening of the line into Orange. At any rate it looks as though the interests of Orange, Santa Ana, Garden Grove and Stanton are tied up in the situation as it now stands.
